

Austurland*

Jóna Árný Þórðardóttir
Director of Austurbrú

Austurbrú

- The purpose is to work in the interests of Austurland (East Iceland) residents, municipalities, companies and other bodies, in order to provide coordinated, interdisciplinary services related to education, culture and the economy.
- We provide a forum for cooperation between public and private organizations, and the locals of Austurland.

Austurbrú works towards...

- innovation, development and the nurturing of regional communities and businesses
- greater job development and enhanced continuing and vocational education
- effective information provision and comprehensive marketing
- increasing variety and expansion in research and university-level education
- diverse activities in the cultural, artistic and creative industry sectors

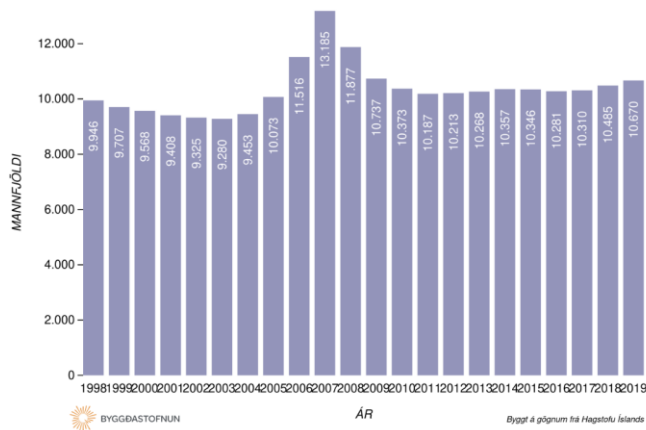

- 2019 - 7 municipalities
- 2020 – 4 municipalities
- 13 towns
- Area - 15.722 m²
